## STERI·PLEX® SD | Breakthrough Technology

Steriplex is one of the fastest growing broad spectrum disinfectants available in the market today. It's all about technology and design.

**Patented formula turns low concentrations of active ingredients into a synergistic disinfectant. Powerful on pathogens, easier on everything else.**

- Six log kill on *C-diff* spores
- Broad spectrum disinfectant
- EPA Category 4 toxicity rating [activated]
- Easy on most surfaces, clothing and equipment
- Easier on patients and employees

**Two-part chemistry ensures freshness. When it comes to disinfectants, fresh = effective. No chemical stabilizers needed.**

- Breaks down naturally
- No active ingredient build-up

**Smart cap makes Steriplex simple to mix and easy to use.**

- Patented smart cap technology eliminates unwanted exposure
- Makes activation simple and complete
- Ready-to-Use at a push of the button, press, shake and pour

## STERI·PLEX® SD | Proven Efficacy

Steriplex SD is a new entrant in the disinfectant market, a recent survey of Infection Control and Prevention Specialist ranked Steriplex SD as one of the best cleaning/disinfecting/deodorizing products available.

## STERI·PLEX® SD | EPA Registered CAT IV

Push the patented Smart Cap and Steriplex (Part B) is automatically mixed with Steriplex (Part A). The activated Steriplex SD is now Ready to Use and meets the criteria as an EPA Category IV toxicity rating - the lowest category rating and requires no precautionary or first aid statements.

PROVEN EFFICACY

**Kills All 5**  
STERI·PLEX SD is an EPA-registered *C. difficile* Sporicide, Virucide, Tuberculocide, Bactericide and Fungicide that is practical for daily use.

**Kills More Than 99.9999% of *C. diff* Spores**  
STERI·PLEX SD kills the two most urgent microbial threats in hospitals today, Clostridium difficile (*C. diff*) and Carbapenem Resistant Enterobacteriaceae (CRE's).

**Fast - 30 Second Kill**  
STERI·PLEX SD kills 99.999% of germs in 30 seconds.

**One-step Disinfectant & Cleaner**  
STERI·PLEX SD is EPA-registered to clean and disinfect in One-step. Realize significant product, time and labor savings.

EPA REG CAT IV

**Bleach Free**  
STERI·PLEX SD is bleach free and utilizes innovative technology to achieve proven efficacy.

**Friendly Yet Effective**  
Safer on equipment and touch screen.

**Daily Use Disinfectant**  
STERI·PLEX SD is a unique, broad spectrum sporicidal disinfectant that can be used daily. It is not a skin irritant or sensitizer and is non-caustic.

**Non-fuming and Fresh**  
STERI·PLEX SD has a fresh scent with no fumes and has no ventilation requirements, which allows staff and patients to breathe easy.
