

TWO DIGITAL LIGHTS IN ONE

LED 2000 Plus Curing Light LED 1400 Plus Curing Light

\$499⁰⁰

Digital Screen for showing adjustable working times from 5 sec. to 20 sec.

Polymerizes all composite materials in 5 or 10 secs.

Portable: Cordless operation with an improved battery life. (850-10 sec. cycles)

Powerful Output: P1-1400mW/ cm², P2-2000mW/ cm² (± 10%). Both offer 5, 10, 15, and 20 second curing times.

User friendly: P1 and P2 modes both have three operating modes with different curing times. Full, Ramp, Pulse.

Durability: Solid ergonomic aluminum body sets it apart from mass of plastic competitors in quality and durability

Ease of Disinfection: Seamless body design makes disinfection easier than ever.

Every dentist should have two in one.
